KIOGE 2020 Online - Conference Speakers thesis

MURAT ZHUREBEKOV - FIRST VICE-MINISTER OF ENERGY OF THE REPUBLIC OF KAZAKHSTAN:

Despite the difficult economic situation in the world, the main goal for the government of the Republic of Kazakhstan is to ensure the country's energy security by actively stimulating investments in geological exploration, development of existing and new fields.

ALIK AIDARBAYEV - BOARD CHAIRMAN, NATIONAL COMPANY KAZMUNAIGAS JSC:

JSC NC Kazmunaigas adopted an anti-crisis program: optimization of the structure and number of personnel in the central KMG office, reduction of salaries of the company's management. Costs were cut by more than 147 billion tenge in 2020 and more than 730 billion tenge over the next five years.

SERIKKALI BREKESHEV - VICE MINISTER OF ECOLOGY, GEOLOGY AND NATURAL RESOURCES OF RK:

The extraction of significant amounts of fossil fuels is causing serious environmental damage. The concept of Kazakhstan's transition to a green economy lays the foundation for deep systemic transformations with the aim of transitioning to a new economy by increasing the welfare, quality of life of the population of the Republic of Kazakhstan and becoming one of the 30 most developed countries of the world while minimizing the burden on the environment and degradation of natural resources.

BALTABEK KUANDYKOV - PRESIDENT OF THE KAZAKH ASSOCIATION OF OILERS-GEOLOGISTS:

A new direction of geological exploration is the beginning of exploration for the basins of Kazakhstan, such as the Severokurday, Aral, and Syrdarya basins. The discovery of new deposits in these regions will give a great impetus to the development of these regions of our country. For this work, we plan to attract many investors in the face of large national companies that have extensive experience in studying little-known regions in the world, applying new technologies and attracting specialists to work in these regions, which will enable specialists to gain new experience in new regions of the country.

KIOGE 2020 Online - Conference Speakers thesis

BOLAT AKCHULAKOV - GENERAL DIRECTOR, KAZENERGY ASSOCIATION:

The coronavirus pandemic has an impact on global demand, which also affected the oil and gas industry. These are low oil prices, low consumer level.

However, we hope that the way out of the recession will be within a year and we will be able to stop before the crisis level.

RASHID ZHAKSYLYKOV - CHAIRMAN OF THE PRESIDUM OF THE UNION OF OILFIELD SERVICE COMPANIES OF KAZAKHSTAN (KAZSERVICE):

We have managed to consolidate in the new Code on Subsoil and Subsoil Use the requirement for the contractors of the Kashagan, Tengiz, Karachaganak projects to purchase goods, works and services on a competitive basis, clause 30 of Article 278.

KIOGE 2020 Online - Conference Speakers thesis

IMER BONNER - DIRECTOR GENERAL, TENGIZCHEVROIL LLP:

Despite the challenging environment due to the pandemic, TCO continued to conduct safe and smooth operations, perform critical path operations for the next stage of expansion of Tengiz production capacity - Future Growth Project - Wellhead Pressure Management Project (FGP-WPMP) and fulfill its obligations to the Republic of Kazakhstan and our shareholders.

RICHARD HOWE - MANAGING DIRECTOR NORTH CASPIAN OPERATING COMPANY N.V. (NCOC):

NCOC, as one of the leading enterprises in Kazakhstan, remains true to its corporate responsibility obligations. We provide significant support to the local population in the regions where we carry out our production activities. We have provided assistance to medical organizations in the amount of more than 3 billion tenge, including the transfer of vital medical equipment to local hospitals.
